

FOR IMMEDIATE RELEASE

See What Happens When a Star Athlete Turns Into a Star Cop ... in Outer Space!

Miracle in the Sky is the first part of a sci-fi trilogy chronicling the life of Quincy Rhames.

His father always told Quincy that he was destined for greatness. From the very first, Quincy showed a strong will to overcome all obstacles. He was a top student and star athlete in high school, and when the time comes to choose a career, he heads to the red planet to become an interstellar law enforcer.

Along with Sheldon, a longtime friend determined to prove he's more than just a bookworm, the two set off to battle crooks in space. The two buddies face three years away from everyone on Earth, experiencing hardships that mold one of them into a hardened man of the law. Thrust into the brink of an interstellar revolution, as Earth becomes part of a community beyond the

boundaries of its solar system, what is in store for these two young men?
