HYBRID

Vampire Saga Continues

Author Anita E. Viljoen continues the McKay vampire saga in *Hybrid*, the sequel to her book, *Feeders*.

Gemma Anne O' Sullivan, also known as Gem, is the daughter of a human mother, Megan McKay, and a vampire father, Michael O Sullivan. She is a hybrid and the first female of her kind, a secret kept by the McKay council for two and a half decades. The reappearance of Sire Raymond Pitout in Canada threatens and compromises her secret, as the International Vampire Council sends out its head of security, Lord Malcolm Murphy (the first hybrid), to protect Gem and destroy Sire Pitout.

Malcolm finds things becoming complicated, especially when he falls in love with Gem. He meets Gem's friend, Deidre Wolff, who turns out to be an alter-seer (an oracle/vampire hunter), and also her human sister, Grace O' Sullivan, who has the same unique trait as her aunt, Mia O' Sullivan, Michael's twin sister. With all of these unique personalities under one roof, Malcolm has his work cut out for him.

Love, intrigue and suspense all combine into one riveting story. *Hybrid* is a “must read” for those who dare.
