

FOR IMMEDIATE RELEASE

Project Management Guide: Building a Church Is a Labor of Love

Church and communal projects not only pose engineering challenges, but are a hearts-and-minds issue. This book details how a church building project should be conceived, planned, and executed, and it is written by a civil engineer.

Managing Church Building Projects considers such important issues as the part-time status of building committee members, contractor selection, managing stakeholder expectations, the use of uncompleted facilities in concurrent operations, as well as the technical and spiritual qualifications of project officials. It outlines the options for funding and the strategies for preserving church infrastructural investments.

For 25 years, Chris Ekpekurede has been a volunteer project manager on extensive infrastructural projects for churches. These include multi-million-dollar projects that make up the wealth of experience set down in this book. He says “these have opened my eyes to project strategies that work, and those that do not work. The book is a

vital tool for church operators and organizational leaders alike.”

***MANAGING CHURCH BUILDING PROJECTS: PERSPECTIVES FROM MY 25 YEARS OF VOLUNTEER WORK* (ISBN: 978-1-62857-864-5) is now available for \$11.95 and can be ordered through the publisher’s website:**

<http://sbpra.com/ChrisEkpekurede> or at www.amazon.com or www.barnesandnoble.com.

WHOLESALESALEERS: This book is distributed by Ingram Books and other wholesale distributors. Contact your representative with the ISBN for purchase. Wholesale purchase for retailers, universities, libraries, and other organizations is also available through the publisher; please email bookorder@aeg-online-store.com

About the Author: A Christian and civil engineer, Chris Ekpekurede is a public speaker and motivator. He was chief engineer in a subsidiary of the Royal Volker Stevin of Holland, and the head of corporate civil engineering for Shell Petroleum Development Company. He is a Fellow of the Nigerian Society of Engineers, Nigerian Institution of Civil Engineers, and the Institute of Human and Natural Resources. The author of *Getting to Maximum* and *Take Your Service to Maximum*, his fourth book, *Laughing Over Serious Matters*, is in the offing. An expert in church projects, he says, “The quality of our worship also shows in how we manage church projects.”
