## Fantasy Novel Pits Supernatural Warriors Against One Woman

### *Can she save the Earth?*

Thrust into a world she never dreamed existed, Ali O'Conohagn learns she has been chosen for something far greater than she ever could have imagined.

For centuries the world has been plagued by immortals, a supernatural race of men and women who forfeited their souls for power and conquest. Only one person can stop them: Ali. But she is blissfully unaware of the supernatural warriors who want her dead. In the blink of an eye, she finds herself face to face with one such warrior, Ronan.

Ali learns that she is part of an ancient bloodline born to rid the world of these soulless killing machines. One man stands between her and certain death. Traecyn

Broadie fascinates her, yet also aggravates her to no end. There is something dangerously seductive about him and she falls for his mysterious charms. Ali needs to know if their love is real or a mystic *Convergence*, but first she's got to save the planet!
