Holy Jeranian Cow! What's in Store for 40th Century Earth?

Hold on tight. This witty sci-fi and fantasy adventure is ready to take you for the ride of a lifetime. Join the sometimes buffoonish former United League of Planets Captain Robert Michael Calyx on his adventures and misadventures in the 40th century.

The once venerable but now decommissioned captain is presumably just along for the ride aboard Starship Americus III, a newly upgraded and swift tachyon-driven ship that's capable of traveling 1,000 times the speed of light. As planet Earth is dying of toxic waste, the space voyage begins to a mysterious star in the constellation Orion.

Learn what's in store for the captain and for Earth in this fantastical adventure. The sky's the limit!
